 - Way Forward**

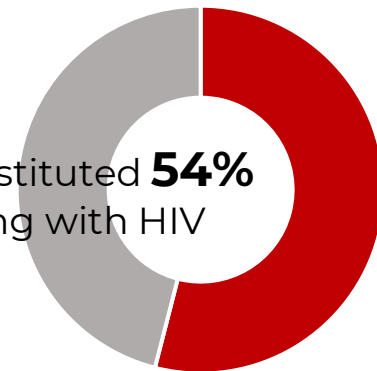

GENDER EQUALITY IN THE CONTEXT OF HIV/AIDS

~5,000
new
infections
among
AGYW
every week

In 2020,

Women constituted **54%**
of adults living with HIV

With adolescent girls living with HIV
outnumbering
adolescent boys living with HIV

2 to 1

GENDER EQUALITY IN THE CONTEXT OF HIV/AIDS

New HIV infections continue to **decline** globally

Yet,

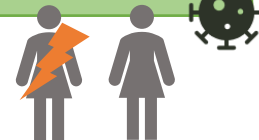

New HIV infections in Eastern Europe and Central Asia and Middle East and North Africa continue to **climb**, including among women

In sub-Saharan Africa, girls account for **6 out of 7** HIV infections among 15-19-year-olds

1 in 2 women reported they or a woman they know experienced violence since the COVID-19 pandemic

GENDER EQUALITY IN THE CONTEXT OF HIV/AIDS

Testing and treatment coverage has doubled and is higher among women

Yet,

HIV/AIDS remains a leading cause of death among women of reproductive age

Unavailability of services during COVID-19 pandemic left women and girls more vulnerable to HIV

COMMITMENTS TO GENDER EQUALITY IN THE CONTEXT OF HIV

UN GA's 2021 Political Declaration on HIV and AIDS

- Commits to end gender inequalities
- Reaffirms a target to reduce new infections in AGYW

HRC Resolution on Human Rights in the Context of HIV and AIDS

- Urges States to address the needs of AGYW
- Encourages development of quality health services, including SRHR and GBV
- Tailored services for women living with or affected by HIV

CSW Resolution 60/2 on Women, the Girl Child and HIV/AIDS

- Supported South Africa Development Community to pilot gender-responsive oversight model
- Model rolled out and adapted across 5 countries

UN WOMEN IN THE JOINT PROGRAMME

- Integrating gender equality into the **governance of the HIV response**
- Amplifying **voice and leadership of women** and girls in all their diversity, to meaningfully engage in decision-making
- Upscaling what works in **transforming unequal gender norms** to prevent HIV and mitigate its impact

Addressing intersection between HIV and VAW

Promoting women's economic empowerment

Realizing legal rights and ending gender-based stigma

UN WOMEN IN THE JOINT PROGRAMME

13 AIDS coordinating bodies

increased knowledge of gender dimensions of HIV and implemented gender-responsive actions

In Indonesia, the Global Fund to Fight AIDS, Tuberculosis and Malaria funding request included **actions and budgetary allocations** to address HIV-stigma and discrimination and violence against women and girls

UN Women implemented community-level evidence-based initiatives in **15 countries** to transform unequal gender norms and increase uptake of HIV testing and treatment

In South Africa, our HeForShe community-based initiative engaged **115,000** women and men in dialogues on unequal gender norms, violence against women, and HIV prevention.

In 2 years, **62%** participants also got tested for HIV and **all** those who tested positive are linked to HIV treatment and

UN WOMEN IN THE JOINT PROGRAMME

Across **35 countries**, over **28,000** women living with HIV enhanced leadership skills and participated in decision-making

In Tajikistan, UN Women successfully ensured that a **woman living with HIV** chaired the National HIV Programme working group and spearheaded actions on the prevention of cervical cancer and violence against women living with HIV

UN Women harnessed **digital technology** with and for women living with HIV to advance gender equality in the HIV response

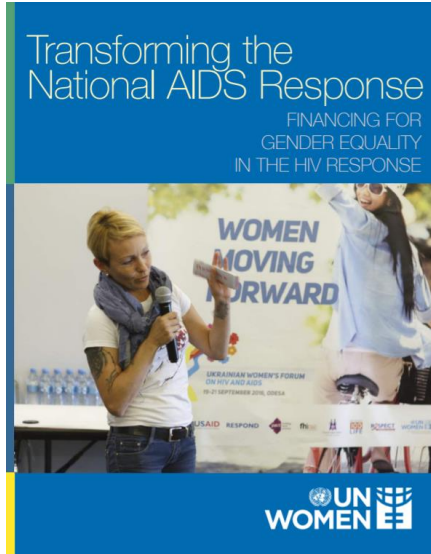

In Uganda, a **new online app** helps young women and girls access accurate information to make informed choices about HIV prevention, care and treatment services and other sexual and reproductive health needs

KNOWLEDGE PRODUCTS

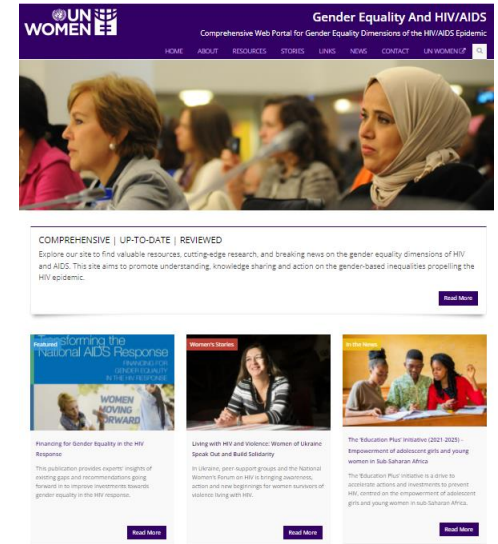

A Toolkit for Action: Making the HIV response work for women through film is based on the award-winning feature film 'Pili' about a woman living with HIV from Tanzania and supported national efforts in Zimbabwe, Nigeria and Tanzania
